<i>With your choice of dipping sauce.</i>	

## THE STORY OF THE ROLLINS RV PARK & RESTAURANT BIKE FENCE

Former owner, Monica Simonson, decided she would like something unique to line the front border of her beautiful park. After doing some research, she zoned in on creating a bike fence. The first four bikes she purchased to start her fence were bought in her husband Greg's home state of Michigan. After displaying these 4 bikes, the fence took on a life of its own and became a journey shared by family and locals of the community. Monica added bikes that were once her baby sister's, her baby brother's, and her youngest son. Her daughter-in-law, Julianna, found bikes in Oregon and Washington that were added to the fence. Bikes from different areas of California were purchased that display the bike permits from various cities. During the winter, Monica and Greg would head to warmer weather in Arizona and she would spend time finding bikes to bring back to Rollins. A special find of Monica's is a vintage tricycle from London! One local man who regularly rode his bike on US-93 and passed Rollins RV Park during his rides, asked for his bike to be included in the fence after retiring from cycling at the age of 80. Trish and Troy purchased the business in 2017 and began adding their personal bikes to the fence along with other vintage bikes they acquire. To this day, staff will find bikes left at the restaurant to be added to the fence and our guests can regularly be seen reminiscing about their childhood or using the fence for photo opportunities.

**Current bike count, as of 6/6/22: 86!!**
